

## CV

Henri Reymer is IFF's Fragrance Applications Manager for Eastern Europe, Africa, Middle East and for Private Label customers in Western Europe.

He is a M.Sc. Chemistry graduate of the Free University of Amsterdam.

On joining International Flavors and Fragrances in The Netherlands, he worked for almost 4 years at the Central Analytical Laboratory at the production location in Tilburg. Over the last 25 years, he has held various positions at the Technical Fragrance Development Laboratory in the Creative Centre in Hilversum.

His current responsibilities comprise the support to customers in the above-mentioned region on technical issues ( from trouble shooting to discussing possible new options for products) on fragancing household and personal care products.

Kind regards,

Henri Reymer

Fragrance Applications Manager Private Label, Eastern Europe, Africa, Middle East
