

P&G, R&D presenter (coming from Brussels) and here's his bio:

Bio

Iain Inverarity studied at the University of Edinburgh, U.K. where he graduated with a Masters Degree in Chemistry. He then went on to complete his PhD studies at the same institution specializing in Organic and Biological Chemistry. Following the completion of his thesis Iain joined Procter and Gamble at their Brussels Innovation Centre, Belgium. He currently works as a Product Researcher specializing in laundry detergents for the Middle East.
